HOW WE CAN HELP
St. James Parish Hospital offers low-dose CT scans which can help diagnose lung cancer. Medicare and most private insurances cover this screening annually for smokers and former smokers.

GET SCREENED
Contact your primary care physician to find out if you qualify for a no-cost annual lung cancer screening and remember to reschedule each year. To schedule your screening, call 225.258.5953.

Lung Cancer Screenings

LUNG CANCER is the DEADLIEST cancer in the US.

THE GOOD NEWS
Patients diagnosed with lung cancer in its early stages are much more likely to survive.
