Welcome.

What to expect first when we assume your care.

1. CONTACT WHO?
   Tell us the primary contact person to call daily with updates about your care?

2. REHAB ASSESSMENT
   If you need rehab services, our team will conduct an initial evaluation in order to create goals for your stay.

3. KICK-OFF CARE TEAM MEETING
   Our care team will talk to you and your family about your individual plan-of-care and goals.

AMENITIES
We want your stay to be comfortable and enjoyable as we help you meet your health goals. For additional information, refer to your Patient Care Handbook or contact the nurses’ station.

• Daily mail services
• Semi-private courtyard (Healing Garden)
• Charming Chapel
• In-Room Religious Services (optional)
• Free Online E-Cards (www.sjph.org)

This institution is an equal opportunity provider and employer.
CASE MANAGEMENT  

• Our Case Manager and Social Worker will coordinate your admission here and discharge to the destination of your choice (home, in-patient rehab, nursing home, assisted living or a long term nursing facility).
• Throughout your stay we will communicate your progress with the Primary Contact Person you choose.
• We will coordinate weekly Care Team Meetings with you, your family and all relevant members of your care team to discuss your plan of care.
• As needed, we will provide your insurance company with clinical updates to obtain further approval of your stay.
• If you need to follow-up with a specialist during your stay, we will schedule appointments and help you coordinate transportation.
• When you are being discharged, we will schedule follow-up appointments and work to fulfill your equipment needs.

AREA

Our facility is conveniently located directly off of I-10 in between New Orleans and Baton Rouge—a quick drive away from a vibrant city life in either direction. Lutcher is a beautiful, close-knit community with nearby access to historic plantations and public parks.
When you are being discharged, we will schedule follow-up appointments to coordinate your discharge and will make arrangements for your destination. We will help with activities of daily living (toileting, self-feeding—meals out of bed, oral hygiene, dressing, bathing, bed mobility, sitting in chair, etc.).

An inpatient doctor and his nurse practitioner are part of the care team that will monitor your progress. The doctor and/or nurse practitioner will make rounds regularly. We will help with activities of daily living (toileting, self-feeding—meals out of bed, oral hygiene, dressing, bathing, bed mobility, sitting in chair, etc.).

We encourage you to bring your favorite activities from home. Group events such as bingo games and birthday parties may be planned throughout your stay, but we also welcome you to bring your own personal items. We want you to feel at home as you heal. Tear and use this list as a guide when packing your belongings.

We provide comprehensive Rehab Therapy (physical, occupational and/or speech). Our goal is to provide personalized therapy to return you to your highest level of function. We encourage you to bring any medical equipment you use(d) for walking assistance.

We take pride in helping to assure your living space is clean and sanitary on a regular basis. We encourage you to contact the nurses’ station by pressing the red call button for additional housekeeping and maintenance needs (emptying trash, spills, etc.).

ACTIVITIES
We encourage patients to participate in activities. Group events such as bingo games and birthday parties may be planned throughout your stay, but we also welcome you to bring your favorite activities from home.
